SERIOUS- LY SHOT

Tom Henley Shot Through
Abdomen by Frank Hargis.

Tom Henley was seriously if not fatally shot last Sunday morning near White Springs by Frank Hargis. The difficulty came up about Henley's wife whom he had been separated from for about a year, Hargis and Henley's wife were out walking Sunday morning when Henley met them and the row came up, resulting in the shooting of Henley. At the present writing Henley is still living but there is little hopes of his recovery. Hargis has not yet been apprehended.

"Good Music Only" on New
York Philharmonic Programs.

The late Algernon St. John-Bernon, music critic of the New York Morning Telegraph, in writing about Josef Stransky, conductor of the New York Philharmonic Orchestra, which will appear May 17, in Chattanooga said:

"Mr. Stransky has always been happy in his programmes.

He has no fads or whims, and he has shown an inclination to avoid tedious and 'bloodsinnige' novelties.

"Knowing that the bitter feelings of the war have reflected themselves in distortion in the attitude of audiences to the music of this nation and of that; and hearing that a man of the eminence of Saint-Saens found it in his artistic conscience to belittle the dead Wagner because of the living Kaiser, Mr. Stransky expressed himself manfully on the whole subject of nationalism in music and parochialism in programmes at the first meeting of the Philharmonic this season. "Mr. Stransky said to the musicians:

"Art is international. We are here to give best endeavors to the cause of musical art and the only distinction I make is between good and bad music, irrespective of its "Nationality." We will perform good music only, from whatever source it may come. Our programmes will contain a wealth of works, old and modern revivals and first performances products of the genius of all nations. There shall not be the slightest preference. These works will receive production because they are worth presenting to Philharmonic audiences, which rank among the best musically educated and appreciative and may certainly be considered the most international and Cosmopolitan."

"These are admirable words, and they are also the only words to be spoken on the conditions. It is not easy to find the only words."

Perfect Man.

There is a man who never said
A word that was unkind;
He'd never see a thing abused
Or hear a friend maligned;
He's deaf, dumb and blind.

There is a man who never drinks,
Nor smokes, nor chews, nor swears
Who never gambles, never flirts;
And shuns all sinful snares,—
He's paralyzed.

There is a man who never does
A thing that is not right;
His wife can tell just where he is
At morning, noon or night;
He's dead.

The readers of this paper will
be pleased to learn that there is
at least one dreaded disease that
science has been able to cure in
all its stages, and that is catarrh.
Catarrh being greatly influenced
by constitutional conditions requires
constitutional treatment. Hall's
Catarrh Cure is taken internally
and acts thru the Blood on the
Mucous Surfaces of the System
thereby destroying the foundation
of the disease, giving the patient
strength by building up the
constitution and assisting nature
in doing its work. The proprietors
have so much faith in the curative
powers of Hall's Catarrh Cure
that they offer One Hundred
Dollars for any case that it fails
to cure. Send for list of testimonials.

Parents Hardly Knew Daughter

Mrs. Herrington Has Gained
14 Pounds And Does Own
Gardening.

"The very first bottle of Tanlac
I took made me feel so much
stronger and better that I com-
menced doing some of my house-
hold work; I just keep right on
working and taking Tanlac until
I now feel perfectly well and
am doing all my work, even to
my gardening," said Mrs. D.
Herrington, who lives at 1232
Fourth Avenue, Nashville, to the
Tanalac representative who called
for her statement a few days
ago and found her working her
attractive new garden.

"Yes, sir," continued Mrs.
Herrington. "I have gained
fourteen pounds and have im-
proved so much since taking Tanlac
that my father and mother
hardly knew me when I went to
see them the other day. I actually
believe Tanlac saved my life,
and my husband does, too."

"I had peculiar pains in my side
and stomach for four years, and
the doctor didn't seem to know
the cause of my trouble. One of
them said I had gallstones, and
my husband spent four or five
hundred dollars for medicine and
doctor's bills, and nothing seemed
to do me any good. I fell off
until I only weighed 98 pounds,
and was so weak that I couldn't
do any work at all. I was so
nervous that I couldn't hardly
go to sleep, and what I did sleep
was just 'cat naps,' and I would
get up in the mornings so tired
that I could hardly drag myself
around. I had no appetite, and
couldn't eat meats at all without
having awful pains in my
stomach. The cramping pains
in my right side were something
terrible. My kidneys troubled
me a great deal, and I had heavy
aching pains in my back lots of
the time."

"My husband told me he believed
Tanalac would help me, and
said he wanted me to try it,
and I'm so glad I did, for it has
almost made a new woman of me.
Those terrible pains the doctor
said was caused by gallstones
never trouble me any now, all
signs of kidney trouble have
disappeared. I'm not nervous
at all, and I can sleep all night
as sound as a child. I eat hearty
of anything I want and enjoy it,
and in place of feeling weak and
worn out, I feel strong and full
of life, and its wonderful what
Tanalac has done for me. It got
me out of a dreadful shape and
made me well and happy again. I
am sure it will do the same thing
for others who are suffering as
I did if they will only give it a
trial."

Tanalac is sold in Tracy City
exclusively by Dorris & Cheek.
